

SHRIRAKSHA PADAKI

Project Manager | Healthcare IT | Data & Patient Engagement

Bengaluru, India | +91 8971345272 | Shrirupadaki@gmail.com | linkedin.com/in/shriraksha-padaki-316b52169

PROFESSIONAL SUMMARY

Project Manager with experience in Healthcare IT and EHR (Healow) implementations, delivering end-to-end deployments and improving patient engagement outcomes. Background in enterprise IT operations at Accenture with strong skills in network infrastructure, AIOps, and incident management. Proven ability to translate complex healthcare and system data into actionable insights, drive stakeholder alignment, and ensure successful go-lives.

CORE SKILLS

EHR/Healow Implementation • Project Delivery • Data Analysis & KPIs • Stakeholder Management • ServiceNow • ITIL/SRE • Network Infrastructure • AIOps • SQL • Python

PROFESSIONAL EXPERIENCE

Project Manager | eClinicalWorks | Bengaluru

Jan 2026 – Mar 2026

- Delivered end-to-end Healow implementation projects, ensuring successful go-lives across clinical and operational teams.
- Defined and tracked KPIs including portal adoption, no-show reduction, and telehealth utilisation, improving decision-making.
- Analyzed EHR and patient engagement data to generate insights that increased portal usage and workflow efficiency.
- Managed project plans, risks, and stakeholder communications across multiple deployments.
- Led training and change management initiatives to accelerate adoption of digital patient engagement tools.

Infra Managed Service Associate | Accenture | Bengaluru

Sep 2023 – Dec 2025

- Resolved 50+ weekly network incidents across routers, switches, VPNs, and SD-WAN, reducing downtime by 30%.
- Troubleshoot Cisco (ASR/ISR/Nexus, Meraki) environments covering DHCP, DNS, TCP/IP, BGP, and OSPF.
- Improved MTTR by 25% through effective incident management and knowledge base contributions.

- Utilized Logic Monitor and Dynatrace for proactive monitoring, alert triage, and root cause analysis.
- Managed Microsoft 365, Azure AD, and endpoint environments across Windows, macOS, Linux, and mobile.

Bioinformatics Intern | Haystack Analytics | Mumbai

Mar 2023 – Jun 2023

- Analyzed biological datasets using data mining techniques, improving research turnaround time.
 - Created documentation and reusable workflows aligned with ITSM best practices.
-

EDUCATION

MSc Bioinformatics | Reva University, Bengaluru | 2021 – 2023

CGPA: 8.9/10 | Focus: AI, Deep Learning, Big Data

CERTIFICATIONS

- Cisco Certified Network Associate (CCNA) (2024–2027)
 - NPTEL Cloud Computing
 - Python for Data Science & ML (Udemy)
 - SQL & Databases Bootcamp (Udemy)
-

TECHNICAL SKILLS

Networking: TCP/IP, BGP, OSPF, SD-WAN, MPLS, Cisco, Meraki

Cloud & Tools: AWS, Azure AD, GCP, ServiceNow, Dynatrace, Logic Monitor

Programming: Python, SQL, R, Shell Scripting

Platforms: Windows, Linux, macOS, Intune

ADDITIONAL

Languages: English, Kannada, Hindi, Telugu

Achievement: 2nd Place – Dermatoglyphic Research Study, Reva University
