

AARON KIRAN VEIGAS

Microbiologist | Cell Culture & Molecular Biology | QC & GLP/GMP

Location: Balehonnur, Karnataka, India

Phone: 9483377975

Email: aaronkiranveigas12@gmail.com

PROFESSIONAL SUMMARY

Entry-level Microbiologist with hands-on experience in mammalian cell culture, aseptic techniques, and microbiological assays. Skilled in GLP, GMP, SOP documentation, sterility testing, and quality control (QC) practices. Experienced in transfection, immunofluorescence, and molecular biology techniques. Seeking a research or quality control role in the life sciences industry.

TECHNICAL SKILLS

Mammalian Cell Culture

- Cell line maintenance (A549)
- Subculturing, seeding, and confluency monitoring
- Transfection (lipofection methods)
- Immunofluorescence assay preparation

Molecular Biology Techniques

- DNA/RNA extraction and purification
- PCR and agarose gel electrophoresis
- Western blotting
- Buffer and reagent preparation

Microbiology Laboratory Techniques

- Microbial culture and aseptic techniques
- Media preparation and sterilization
- Streaking, plating, and microscopy
- Antibiotic susceptibility testing
- Environmental monitoring and sterility testing
- Quality control (QC) procedures

Immunological Techniques

- Immunofluorescence assay (IFA)

- Sample preparation for immunological assays

Laboratory Instrumentation

- Centrifuge, incubator, autoclave, micropipettes
 - Basic troubleshooting and maintenance
-

EXPERIENCE

Intern

Institute for Stem Cell Biology and Regenerative Medicine (inStem), Bengaluru, India

Dec 2025 – May 2026 - Studied host-virus interactions using mammalian cell culture models - Performed transfection and immunofluorescence assays - Maintained sterile conditions under GLP guidelines - Documented experimental observations and results

Intern

Central Coffee Research Institute, Balehonnur

Dec 2023 – Jan 2024 - Performed serial dilutions and microbial isolation from soil samples - Identified bacterial and fungal species using microbiological techniques - Conducted microbial interaction studies - Maintained aseptic conditions and laboratory records

EDUCATION

Master of Science (M.Sc.) in Microbiology

St. Joseph's University, Bengaluru | 2026

Bachelor of Science (B.Sc.) in Microbiology & Chemistry

St. Aloysius College (Autonomous), Mangaluru | 2024

CERTIFICATIONS & TRAINING

- Diploma in Computer Applications
-

WORKSHOPS & CONFERENCES

- National Conference on Emerging Innovations in Microbiology
- Scientific Writing Workshop
- Microbiome and Antimicrobial Resistance Seminar
- Intellectual Property Rights (NIPAM Program)

EXTRACURRICULAR ACTIVITIES

- Member, College Band
- Volunteer, AICUF
- Event Director, Microbiological Society

LANGUAGES

English, Konkani, Kannada, Hindi, Tulu

ADDITIONAL SKILLS

- Communication
- Teamwork
- Attention to detail
