SUMMARY

Fresher Radiotherapy Technologist with hands on clinical training at St. John's Medical College Hospital, Bengaluru. Experienced in CT simulation, patient positioning and immobilization, image guided radiotherapy using EPID and CBCT, and external beam radiation treatment delivery on Elekta LINAC systems. Trained in advanced radiotherapy techniques with strong adherence to radiation safety protocols, quality assurance standards, treatment accuracy, and patient centered care

EXPERIENCE

Clinical Internship/Training,

St. John's Medical College Hospital, Bengaluru, Karnataka, India

02/2025 – 02/2026

Bengaluru, Karnataka,
India

- Assisted in CT simulation, ensuring accurate patient positioning and proper application of immobilization devices for radiotherapy planning.
- Performed EPID and CBCT image verification under supervision to ensure precise and safe treatment delivery.
- Supported External Beam Radiotherapy (EBRT) procedures in a clinical setting.
- Assisted in advanced radiotherapy techniques including SRT, TBI, CSI, TSET, electron therapy, blood and cell irradiation.
- Strictly adhered to radiation safety protocols, quality assurance procedures, and departmental Standard Operating Procedures (SOPs).
- Assisted in surface mould procedure & observership in brachy therapy procedure.

EDUCATION

Bachelor of Science (B.Sc.) Radiotherapy,

St. John's Medical College Hospital, Bengaluru, Karnataka, India

2020 – 2025

Bengaluru, Karnataka,
India

- Gained hands-on clinical experience in radiotherapy planning and treatment delivery, including patient positioning and immobilization techniques.
- Assisted in image-guided radiotherapy procedures such as EPID and CBCT for accurate treatment verification under supervision.
- Exposed to advanced radiotherapy techniques including EBRT, SRS, SBRT, SRT, TBI, CSI, TSET, electron therapy, and strict radiation safety protocols.

12th Grade, SNDP HSS, Kuttamangalam

Completed 12th Grade under the Kerala Board of Higher Secondary Education.

06/2018 – 03/2020

Alappuzha, Kerala,
India

RADIOTHERAPY TECHNIQUES

CERTIFICATES

Basic Cardiac Life Support (BCLS) Certification by Jeevaraksha, St. John's Medical College Hospital, Bengaluru, Karnataka, India

- Successfully completed certified training in Basic Cardiac Life Support as per standard emergency care guidelines.
- Trained in high quality CPR, airway management, use of AED, and management of cardiac emergencies.
- Participated in hands on practical sessions and simulated emergency response scenarios in a clinical setting.

SOFTWARES

MOSAIQ (v2.83)

iView GT (v3.5.0.1.b18)

XVI (v5.0.7.0)

MONOCO

EQUIPMENTS/ MACHINES

Linear Accelerator. Elekta Synergy with Agility MLC

Electron Energies: 6, 8, 10, 12, 15, 18 MeV

PET/CT: Siemens Healthineers - Biograph Horizon

Photon Energies: 4 MV, 6 MV, 15 MV

CT Simulator: GE LightSpeed Plus (4-slice), GE BrightSpeed (16- slice)
